

NCAIR – National Centre for  
Artificial Intelligence & Robotics

NEW STUDENT ONBOARDING MANUAL

# Register on the NCAIR LMS – step by step

A simple, picture-by-picture guide for brand-new interns. Follow each step in order and you'll be fully set up in minutes. If you can read this, you can finish your registration.

For new NITDA & NCAIR interns

One-time onboarding

[technicalaido.gov.ng](https://technicalaido.gov.ng)

## Start here — where to go

Right after the orientation, walk from the auditorium to the 50-Seater Hall, e-Government Building (PSIN). Form a single straight line and wait your turn. This is a one-time onboarding for interns who are completely new.

### BEFORE YOU START

## What to bring with you

Come prepared. Without these you may not be able to finish your registration on the spot.

### Acceptance letter

Your letter from NITDA-HQ. A physical copy, a soft copy, or a clear photo on your phone — any one is fine.

### Your NIN

Bring your NIN slip, or know your 11-digit NIN by heart, or have it written down somewhere.

### Your phone + data

A smartphone you can open your email on, with mobile data / internet turned on. No data means you cannot register.

### A password you'll remember

Think of one now. You'll create it during sign-up and you'll need it every time you log in.

READ THIS FIRST

## The golden rules

DO

Check your Spam / Junk folder. Our registration email sometimes lands there. Every student should look in Spam if the email isn't in the inbox.

DO

Use a password you can remember. Don't use something random you'll forget — you need it to log in every time.

DON'T

Don't leave the hall until you are fully done. No intern leaves until they have successfully onboarded and registered for their courses.

Registration only opens on the day, and closes at 5:00 PM. Before the day and after 5 PM the course button shows "Locked" and you cannot register.

#### SWISS interns

Both courses are compulsory. You must register for Python Beginners and Product Design (UI/UX) Beginners.

#### NYSC interns

Both courses are optional, but you may register for both at the same time. You'll also pick your CDS day on the form.

## THE BIG PICTURE

# How onboarding works

1

Line up in the  
hall

2

Staff registers  
you

3

Check your  
email

4

Create your  
account

5

Sign in

6

Register for both courses

## DO IT NOW

# Step-by-step registration

Each step shows you exactly what to tap. The  circle and the coloured box on each picture point to the button you should tap next.

1

## Get registered by our staff

When it's your turn in the line, give the staff your details. They add you to the system on our end. The moment they do, an invitation email is sent to you.

Finish your own  
setup in 10-30 min

2

## Open your email and find our message

- Open your email app (Gmail) on your phone.
- Look for a message from "NCAIR LMS" — subject "Complete your NCAIR LMS internship registration." Tap it to open. 

 Can't see it? Check your Spam / Junk / Trash folder. Every student should look there if it isn't in the inbox.

3

## Tap "Complete registration"

- Inside the email, tap the green "Complete registration" button. 
- It opens a page on [lms.ncair-nilda.gov.ng](https://lms.ncair-nilda.gov.ng) where you'll create your account.

 Button won't open or won't tap? That means the email is in Spam or Trash. First move the email to your Inbox (or tap "Not spam"), then tap the button again.

4

## Fill in your details

### Top of the form

- 1 Email — already filled in for you. Leave it as it is.
- 2 NIN — type your 11-digit NIN. Check your first and last name below if are correct.

### Lower down the form

- 3 Phone number — type the number you use.
- 4 Program — tap and choose SIWES or NYSC (whichever you are).
- 5 Gender — choose your gender.
- 6 Password & Confirm password — create a password you'll remember, then type it again. It needs at least 8 characters, one letter and one number.

#### NYSC interns Choose your CDS day

When you pick NYSC in the Program box, a new "CDS Day" box appears just below it. Tap it and choose your day.

#### CDS Day

Select CDS day

e.g. Monday • Tuesday • Wednesday • Thursday • Friday

## Create your intern account

Complete the form to create your account.

The form contains the following fields and elements:

- Email:** A text field with the value "example@gmail.com".
- NIN:** A text field for the 11-digit National Identification Number.
- First name:** A text field with the value "Oluwalola".
- Last name:** A text field with the value "Dare".
- Phone number:** A text field with the value "08000448408".
- Select program:** A dropdown menu.
- Gender:** A dropdown menu with the option "select gender".
- Password:** A text field for creating a new password.
- Confirm password:** A text field for re-entering the password.

5

## Agree, then create your account

- ✓ Make sure the Password checklist shows all green ticks.
- ❗ Tap the box "I confirm that I am the intended recipient..."
- ❷ Tap the green "Create account" button.

6

## You're set — go to sign in

- ✓ You'll see "Welcome aboard, [your name]!" — your account is created.
- ❗ Tap the green "Go to Sign In" button.

7

## Sign in to your account

- 1 Keep the "Email" tab selected. Type your email.
- 2 Type the password you just created.
- 3 Tap "Sign In".

- 📌 This is the same page you'll log in at every time. Save it:

<https://ims.ncolr.nl/ida.gov.ng/interim/signin>

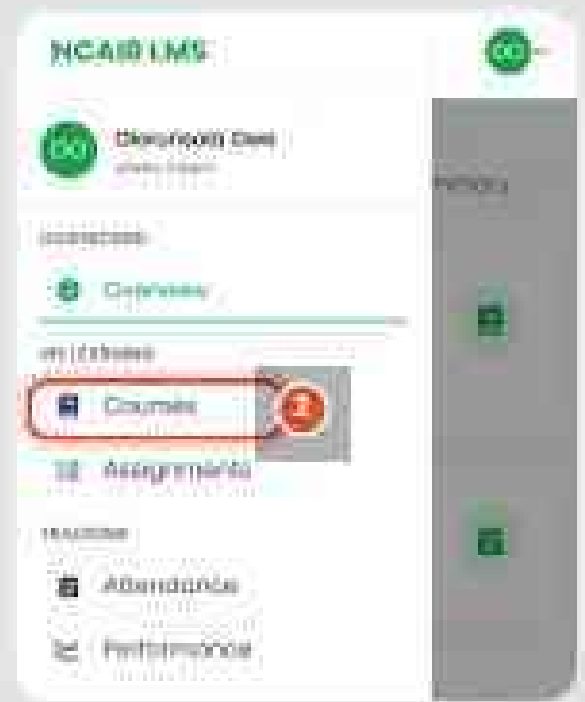

The screenshot shows a mobile app interface for logging in. At the top, it says "Welcome Back" and "Sign in to continue your A/MIL learning journey". Below this is a toggle switch for "Email" (selected) and "Phone". There are two input fields: "Enter your email" and "Enter your password". The email field contains "example@gmail.com" and the password field is masked with dots. At the bottom is a large green "Sign In" button. Red numbered circles (1, 2, 3) highlight the email field, password field, and the "Sign In" button respectively.

8

## Open your courses

- 1 You're now on your dashboard. Tap the menu icon (☰) at the top-left.
- 2 In the menu that opens, tap "Courses."

The screenshot shows a mobile app dashboard for a user named "Clorunwa". At the top, there's a "view" button and a profile icon. Below the header, it says "Welcome back, Clorunwa" and "Here's your learning progress summary". There are two progress cards: "Current Course" showing 100% completion and "Attendance Rate" showing 0% completion. Each card has a green progress bar and a green checkmark icon. Red numbered circles (1, 2) highlight the menu icon (☰) and the "Courses" option in the menu respectively.

9

## Register for Python Beginners

- On the "Python Beginners" card, tap the green "REGISTER" button.

On registration day the button reads "REGISTER." Before the day, and after 5 PM, it shows "Locked" and can't be tapped.

10

## Register for Product Design (UI/UX) Beginners

- 1 Scroll to the "Product Design Beginners" card. Tap its green "REGISTER" button.

NOTE

You must register for both courses.

NOTE

You may register for both at the same time.

## You're done!

Your account is set up and your courses are registered. You may now leave the hall. Welcome to the NCAIR Internship Program.

### IF YOU GET STUCK

## Common problems & quick fixes

### I didn't get the email

Check Spam / Junk / Trash. Wait a minute and refresh. Still nothing? Tell a staff member.

### "Complete registration" won't open

The email is in Spam/Trash. Move it to your Inbox (mark "Not spam") first, then try again.

### My password is rejected

Use 8+ characters with a letter and a number. Both password boxes must match.

### The button says "locked"

Registration only opens on the day and closes at 5 PM. If it's the day, refresh the page or ask staff.

### My internet is slow

Make sure your data is on. Move nearer to window, or ask staff about Wi-Fi.

### I forgot my password already

On the sign-in screen tap "Forgot password?", or ask a staff member to help.

## ALREADY ONBOARDED BEFORE

# Returning students

You don't need to onboard again, just log in with the email and password you created during onboarding.

LOG IN HERE

[lms.ncalr.nitda.gov.ng/Intern/signin](https://lms.ncalr.nitda.gov.ng/Intern/signin)

### If you passed the cohort

Open Courses. The next course has been unlocked for you — tap its green "REGISTER" button to enrol and continue.

### If you did not pass a course

Open Courses. On the course you failed you'll see a "Re-register" option — tap it to enrol again and retake it.

## Quick reference card

### BRING

Acceptance letter - NIN - phone - mobile data - a password you'll remember

### REMEMBER

Check Spam - don't leave until done - registration closes 5 PM - *SWES* - both courses compulsory

### THE 8 STEPS

Find email → Complete registration → Fill form → Create account → Sign in → Menu → Courses → REGISTER Python → REGISTER Product Design

### RETURNING

Sign in at [lms.ncalr.nitda.gov.ng/Intern/signin](https://lms.ncalr.nitda.gov.ng/Intern/signin) → passed → next course - failed → re-register
